You will be able to attend and participate in the Annual Meeting online ON Tuesday, June 7, 2022, at 1:00 p.m. Pacific Time, and may also vote your shares electronically (by following the procedures described below) and submit any questions you may have during the meeting, by visiting: <https://web.lumiagm.com/225175011>. When a proxy in the accompanying form is properly executed and returned, the shares represented will be voted at the Annual Meeting in accordance with the instructions specified in the proxy. We encourage you to return your proxy promptly, or follow the instructions for telephone or Internet voting on the proxy, even if you plan to attend the Annual Meeting. **If no instructions are specified, the shares will be voted FOR Items 1, 2, and 3 in the accompanying Notice of Annual Meeting of Stockholders.**

Voting Your Shares Now or at the Annual Meeting. To vote now, follow the instructions on your proxy card or voting instruction form. Please vote promptly via the Internet (www.voteproxy.com) or phone (1-800-776-9437 in the United States or 1-718-921-8500 from foreign countries) or by completing and mailing your proxy card or voting instruction form. If you are a record holder, you may vote your shares at the Annual Meeting if you log in with your unique control number on your proxy card.

If you are a beneficial holder and do not provide specific voting instructions to your broker, the firm that holds your shares will not be authorized to vote your shares (known as a "broker non-vote") on non-routine matters under the New York Stock Exchange rules governing discretionary voting by brokers. Other than the ratification of the selection of our independent auditors, the action items being submitted to a vote at the Annual Meeting are not routine matters.

Beneficial owners are invited to attend the Annual Meeting and may ask questions during the meeting. However, as a beneficial owner is not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

After obtaining a valid legal proxy from your broker, bank or other agent, you may register to vote at the Annual Meeting, by submitting proof of your legal proxy reflecting the number of your shares along with your name and email address to American Stock Transfer & Trust Company, LLC. Any reference herein to attending the Annual Meeting, including any reference to "in person" attendance, means attending by remote communication via live webcast on the Internet.

Any proxy given pursuant to this solicitation may be revoked by the person giving the proxy at any time prior to its exercise by written notice to the Secretary of the Company of such revocation, by a later-dated proxy received by the Company, or by attending the Annual Meeting and voting at the Annual Meeting. The mailing address of the Company's principal executive offices is 8100 NE Parkway Drive, Suite 200, Vancouver, Washington 98662. If your shares are held through a broker or other nominee, please follow their directions included with this proxy statement on how to vote your shares and, if necessary, how to change or revoke your voting instructions.

All costs of solicitation of proxies will be borne by the Company.

OUTSTANDING VOTING SECURITIES

The close of business on April 11, 2022, has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. On the record date, the Company had 7,313,912 shares of Common Stock, \$.01 par value ("Common Stock"), outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting. The presence, in person or by proxy, of stockholders entitled to cast a majority of all votes entitled to be cast at the Annual Meeting is required to constitute a quorum. Abstentions and broker non-votes, if any, will be considered present for purposes of determining the presence of a quorum.

ITEM 1 – ELECTION OF DIRECTORS

The director nominees will be elected at the Annual Meeting to serve until the next annual meeting of stockholders and until their successors are elected and qualify. Our Charter and Bylaws authorize the Board to set the number of positions on the Board within a range of three to nine, with the current number fixed at nine. Diane Dewbrey and James Hicks will be leaving the Board effective with the 2022 Annual Meeting, and the Board has nominated Alexandra Morehouse for election at the Annual Meeting to fill one of the resulting vacancies. Therefore, the Board has approved a reduction in the number of positions on the Board from nine to eight effective immediately following the Annual Meeting. Vacancies on the Board, including vacancies resulting from an increase in the number of positions, may be filled by the Board for a term ending with the next annual meeting of stockholders and when a successor is duly elected and qualifies.

Provided that a quorum is present at the Annual Meeting, a nominee will be elected if the nominee receives the affirmative vote of a majority of the total votes cast on his or her election (that is, the number of shares voted "for" a director nominee must exceed the number of votes cast "against" that nominee). All of our director nominees are currently serving on the Board with the exception of Alexandra Morehouse. Even if a nominee who is currently serving as a director is not re-elected, Maryland law provides that the director would continue to serve on the Board as a "holdover director." However, under our Bylaws, if stockholders do not re-elect a director, the director is required to submit his or her resignation to the Board. In that event, our Nominating and Governance Committee (the "Nominating Committee") would recommend to the Board whether to accept or reject the resignation. The Board would then consider and act on the Nominating Committee's recommendation, publicly disclosing its decision and the reasons supporting it within 90 days following the date that the resignation was submitted.

A duly executed proxy will be voted **FOR** the election of the nominees named below, other than proxies marked to vote "against" or to "abstain" from voting on one or more nominees. Shares not represented in person or by proxy at the Annual Meeting, shares voted to "abstain," and broker non-votes, if any, will have no effect on the outcome of the election of directors.

The Board recommends that stockholders vote FOR each of the nominees named below to serve as a director until the next annual meeting of stockholders and his or her successor is duly elected and qualifies. If for some unforeseen reason a nominee should become unavailable for election, the proxy may be voted for the election of such substitute nominee as may be designated by the Board.

The following table sets forth information with respect to each person nominated for election as a director, including their current principal occupation or employment and age as of April 1, 2022.

<u>Name</u>	<u>Principal Occupation</u>	<u>Age</u>	<u>Director Since</u>

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board held nine meetings in 2021. Each director attended at least 75% of the total number of the meetings of the Board and the meetings held by each committee of the Board on which he or she served during his or her respective periods of service in 2021.

The Company does not have a policy regarding directors' attendance at the Company's annual meeting of stockholders. All directors in office as of last year's annual meeting attended the meeting.

The Board has determined that Ms. Dewbrey, Ms. Moradi, Dr. Hicks, and Messrs. Carley, Cusick, Justesen, Meeker and Price are independent directors as defined in Rule 5605(a)(2) of the listing standards applicable to companies listed on The Nasdaq Stock Market ("NASDAQ"). The Board also determined that Ms. Morehouse, if elected, will be an independent director under the NASDAQ listing rules based on the information provided by Ms. Morehouse.

Board Leadership Structure

Gary E. Kramer was appointed the Company's Chief Executive Officer on March 5, 2020, and became a director on May 27, 2020. Anthony Meeker, a long-time outside director of the Company, serves as Chairman of the Board. Mr. Meeker is an ex officio member of each Board committee of which he is not a voting member.

Throughout 2021, each of our directors, other than Mr. Kramer, qualified as an independent director under the Nasdaq listing rules. The outside directors also meet at least two times per year in executive session without the President and Chief Executive Officer or other management being present.

The Board believes that its longstanding leadership structure reflecting the separation of the Chairman and Chief Executive Officer positions serves the best interests of the Company by giving an independent director a direct and significant role in establishing priorities and the strategic direction and oversight of the Company. The Board believes that the manner in which it oversees risk management at the Company has not affected its leadership structure.

The Board's Role in Risk Oversight

The Company's management is responsible for identifying, assessing and managing the material risks facing the Company. The Board has historically performed an important role in the review and oversight of risk, and generally oversees risk management practices and processes at the Company. The Board, either as a whole or through the Audit and Compliance Committee (the "Audit Committee"), the Risk Management Committee, and other Board committees, periodically discusses with management strategic and financial risks associated with the Company's operations, their potential impact on the Company, and the steps taken to manage these risks.

While the Board is ultimately responsible for risk oversight, the Board's committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial risk and, through discussions by the Audit Committee or its Chair with management and the Company's independent registered public accounting firm (the "independent auditors"), oversees the Company's policies and practices regarding the preparation of financial statements and other public disclosures. The Audit Committee also reviews the Company's major financial risk exposures and the steps management is taking to monitor and control such risks. The Nominating Committee oversees the functioning of the Board and its committees, issues and developments relating to the Company's corporate governance practices, succession planning for the Board and the Company's executive positions, and the Company's ethics and compliance program other than with regard to issues assigned to the Audit Committee. The Compensation Committee monitors the Company's incentive compensation programs to assure that management is not encouraged to take actions involving excessive risk. The Risk Management Committee provides oversight of the Company's enterprise-wide risk management framework and corporate risk function, including the strategies, policies, procedures, processes and systems established by management to identify, assess, measure, monitor, and manage the major risks facing the Company, other than risks for which responsibility has been assigned to a different Board committee.

Audit and Compliance Committee

The Audit Committee reviews and pre-approves audit and legally-permitted non-audit services provided by the independent auditors, makes decisions concerning the engagement or discharge of the independent auditors, and reviews with management and the independent auditors the results of their audit, the adequacy of internal accounting controls and the Company's internal audit function, and the quality of the Company's financial reporting. The Audit Committee also oversees implementation of the Company's Code of Business Conduct and Code of Ethics for Senior Financial Officers, including procedures for the receipt, retention, and treatment of complaints received regarding accounting, internal accounting controls, or auditing matters. The Audit Committee reviews for potential conflicts of interest, and determines whether to approve, any transaction by the Company with a director or officer (including their family members) that would be required to be disclosed in the Company's annual proxy statement. The Audit Committee held five meetings in 2021.

The current members of the Audit Committee are Mr. Cusick (chair), Ms. Moradi, Dr. Hicks and Mr. Meeker. The Board has determined that Mr. Cusick is qualified to be an "audit committee financial expert" as defined by the SEC's rules under the Securities Exchange Act of 1934 (the "Exchange Act"). The Board has also determined that each current member of the Audit Committee meets the financial literacy and independence requirements for audit committee membership specified in applicable rules of the Securities and Exchange Commission (the "SEC") under the Exchange Act and in listing standards applicable to companies listed on The Nasdaq Stock Market. The Audit Committee's activities are governed by a written charter, a copy of which is available on the Company's website at www.BBSI.com in the "Investors" section under "Governance."

Compensation Committee

The Compensation Committee reviews the compensation of executive officers of the Company and makes recommendations to the Board regarding base salaries and other forms of compensation to be paid to executive officers, including decisions to grant stock options and other stock-based awards. The current members of the Compensation Committee are Mr. Price (chair), Mr. Cusick, Dr. Hicks and Mr. Justesen, each of whom is "independent" as defined in Rule 5605(a)(2) and Rule 5605(d)(2)(A) of the listing standards for companies listed on The Nasdaq Stock Market. The Compensation Committee held seven meetings in 2021.

The Compensation Committee's responsibilities are outlined in a written charter, a copy of which is available on the Company's website at www.BBSI.com in the "Investors" section under "Governance." The Compensation Committee is charged with carrying out the Board's overall responsibilities relating to compensation of the Company's executive officers and non-employee directors. Its specific duties include reviewing the Company's cash incentive and equity compensation programs for executive officers and director compensation arrangements, and recommending changes to the Board as it deems appropriate. In the course of reviewing the Company's compensation policies and practices, the Compensation Committee considers whether the Company's compensation program encourages employees to take risks that are reasonably likely to have a material adverse effect on the Company. Based on its most recent review in April 2022, the Committee believes that the Company's compensation program is not likely to have that effect.

The Chief Executive Officer reviews the performance of each executive officer (other than himself) and may make recommendations to the Compensation Committee regarding salary adjustments, stock-based awards, and the selection, target amounts and satisfaction of corporate and individual performance goals for cash and stock incentive awards. The Compensation Committee is responsible for annually evaluating the CEO's performance and establishing his base salary and incentive compensation. At the invitation of the Committee chair, the Company's Chief Financial Officer may attend Committee meetings to provide information relevant to the Committee's determination of the satisfaction of corporate performance goals tied to cash and stock incentive compensation and the development of appropriate corporate performance targets for future awards of incentive compensation, as well as financial and accounting issues associated with the Company's executive compensation program. The Compensation Committee exercises its own discretion in accepting or modifying the CEO's recommendations regarding the performance and compensation of the Company's other executive officers. If present at a Compensation Committee meeting, each of the CEO and CFO is excused during discussions of his compensation.

The Compensation Committee also administers the Company's stock incentive plans. The Compensation Committee, as it deems appropriate and as permitted by applicable law, may delegate its responsibilities to a subcommittee under the Company's 2020 Stock Incentive Plan, which was approved at the 2020 annual meeting of stockholders. The Compensation Committee has delegated authority, within specified limits, to the CEO (provided he is also a director) to make stock-based awards in his discretion to corporate and branch personnel who are not executive officers.

Under its charter, the Compensation Committee has the sole authority to retain the services of outside consultants to assist it in making decisions regarding executive compensation and other compensation matters for which it is responsible. For several years, the Compensation Committee has engaged Mercer, a nationally recognized compensation consultant, to assist the Committee in structuring and implementing the Company's executive compensation program. The Compensation Committee received information from Mercer regarding any potential conflicts of interest prior to each engagement and determined that no conflicts existed.

As described in more detail under "Executive Compensation—Compensation Discussion and Analysis" below, during 2021, the Compensation Committee engaged Mercer to provide advice and recommendations regarding several issues affecting the Company's executive compensation program, including:

- Recent developments among other public companies with regard to incentive compensation in light of the effects and uncertainties stemming from the Covid-19 pandemic,
- The composition of the peer group used by the Compensation Committee to evaluate market levels of executive compensation;
- Assessment of compensation levels for each of the Company's executive officers in light of market survey data; and
- Evaluation of the Company's compensation program for non-employee directors based on data obtained from a survey of other public companies.

Nominating and Governance Committee

The Nominating Committee evaluates and recommends candidates for nomination by the Board in director elections and otherwise assists the Board in determining the composition of the Board and its committees, including evaluating matters related to diversity and the performance of the Board and its members. The Nominating Committee is also responsible for reviewing issues and developments in corporate governance and considering whether to recommend changes in the Company's corporate governance framework, overseeing succession planning with respect to the Company's executive officers, and overseeing the Company's ethics and compliance program (other than issues related to accounting and financial reporting or within the responsibilities assigned to the Audit Committee). The current members of the Nominating Committee are Ms. Dewbrey (chair) and Messrs. Carley, Justesen and Price. The Nominating Committee held five meetings in 2021.

The Board has determined that each current member of the Nominating Committee is an independent director as defined in Rule 5605(a)(2) of the listing standards applicable to companies listed on The Nasdaq Stock Market. The Nominating Committee is governed by a written charter, which is available on the Company's website at www.BBSI.com in the "Investors" section under "Governance."

The Nominating Committee does not have any specific, minimum qualifications for director candidates. In evaluating potential director nominees, the Nominating Committee will consider, among other factors:

- The candidate's ability to commit sufficient time to the position;
- Professional and educational background that is relevant to the financial, regulatory, industry and business environment in which the Company operates;
- Demonstration of ethical behavior;
- Whether the candidate contributes to the goal of bringing diverse perspectives, business experience, and expertise to the Board; and
- The need to satisfy independence and financial expertise requirements relating to Board and committee composition.

During 2021, the Nominating Committee engaged a third-party search firm to assist in locating potential director candidates. The committee, after considering the skills of the current Board members and the Company's needs, directed the search firm to focus on candidates with marketing and branding experience, among other attributes. The search firm presented a number of qualified candidates to the Nominating Committee and from that group, the committee narrowed the list of potential candidates to five to be interviewed by members of the committee. The Nominating Committee then recommended that the full Board interview several of those candidates. After those interviews were completed and further deliberation, the Nominating Committee recommended to the Board that Alexandra Morehouse be included in the slate for election as a director at the 2022 Annual Meeting. Additional information regarding Ms. Morehouse's background and experience may be found under "Item 1—Election of Directors" above.

While the Board has not adopted a formal policy with respect to the consideration of diversity in identifying director nominees, the Nominating Committee believes it is important that the Board as a whole represent a diversity of backgrounds and experience, including gender and ethnic background. Accordingly, the Nominating Committee has committed to continue its search for diverse candidates to include in the pool from which future Board members will be chosen.

The Nominating Committee relies on its periodic evaluations of the Board in determining whether to recommend nomination of current directors for re-election. The Nominating Committee may poll current directors for suggested candidates or, as it did in 2021, engage an executive search firm when called upon to identify new director candidates.

The Nominating Committee will also consider director candidates suggested by stockholders for nomination by the Board. Stockholders wishing to suggest a candidate to the Nominating Committee should do so by sending the candidate's name, biographical information, and qualifications to: Nominating Committee Chair c/o Corporate Secretary, Barrett Business Services, Inc., 8100 NE Parkway Drive, Suite 200, Vancouver, Washington 98662. Candidates suggested by stockholders will be evaluated by the same criteria and process as candidates from other sources.

Risk Management Committee

The Risk Management Committee reviews and discusses with management the development and performance of the Company's enterprise risk management program, investment guidelines for the Company's investment portfolios, the Company's insurance and risk management programs, and technology risks facing the Company, including information security and cyber defense mechanisms. It also oversees the activities of the Company's internal workers' compensation committee with regard to the Company's workers' compensation claims administration and expense and its process for developing reserve estimates. The Risk Management Committee held four meetings in 2021. Its current members are Mr. Carley (chair), Ms. Dewbrey, Ms. Moradi, Mr. Meeker and Mr. Price. The Risk Management Committee is governed by a written charter, which is available on the Company's website at www.BBSL.com in the "Investors" section under "Governance."

Anti-Hedging Policy

The Company has adopted an Anti-Hedging Policy, which is applicable to the Company's directors and executive officers, and prohibits them from directly or indirectly engaging in hedging against future declines in the market value of any Company securities through the purchase of financial instruments designed to offset such risk. Executive officers and directors who fail to comply with the policy are subject to Company-imposed sanctions, which may include a demotion in position, reduced compensation, restrictions on future participation in cash or stock incentive plans, or termination of employment. The Company's Anti-Hedging Policy is available on the Company's website at www.BBSI.com in the "Investors" section under "Governance."

Stock Ownership Guidelines for Non-Employee Directors and Executive Officers

The Board has adopted stock ownership guidelines such that each non-employee director is expected to own shares of Common Stock with a value equal to at least three times the regular annual cash retainer (\$70,000 effective January 1, 2022), within three years of first being elected. The value of shares owned is calculated quarterly based on the higher of current market price or the average daily closing price for the preceding 12 months. Any shortfall resulting from an increase in the annual cash retainer or a decrease in the stock trading price (or both) is expected to be cured within two years following the end of the quarter in which the resulting required increase in share ownership first occurred.

The Board also adopted a policy on stock ownership for the Company's executive officers. Under the policy, executive officers will have five years from the later of July 1, 2016, and the date the executive officer is notified of his or her selection, to achieve and maintain ownership of shares of Common Stock with a value equal to at least three times the officer's annual base salary. Shares will be valued at the greater of the then current market price and the original purchase price. Until the minimum ownership level is reached, the officer is expected to retain at least 50% of the shares of Common Stock received upon exercise of an option or vesting of RSUs and performance shares, after payment of the exercise price and withholding and payroll taxes. Participants who are not in compliance will not be permitted to sell or dispose of shares, except as described in the preceding sentence, until they reach the required ownership level. The Nominating Committee may make an exception in its sole discretion in the case of financial hardship.

ITEM 2 – ADVISORY VOTE TO APPROVE COMPENSATION OF OUR EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") included a provision that requires public companies to hold an advisory stockholder vote to approve or disapprove the compensation of their named executive officers. The Dodd-Frank Act also included a provision providing stockholders of a public company the opportunity to vote, on an advisory basis, on how frequently they would like the company to hold an advisory vote on the compensation of executive officers. At the 2017 annual meeting, the Company's stockholders approved the Board's recommendation that an advisory vote on executive compensation be conducted annually. Accordingly, we are conducting an advisory vote to approve the compensation of the Company's executive officers again this year. Unless the Board changes its policy, the next "say on pay" advisory vote will be held in 2023.

The Compensation Committee believes that executive compensation should align with the stockholders' interests, without encouraging excessive or unnecessary risk. This compensation philosophy and the program structure approved by the Compensation Committee are central to the Company's ability to attract, retain, and motivate individuals who can achieve our goals and provide stability in leadership. Our philosophies and goals with respect to compensation are explained in detail below under the subheading "Executive Compensation – Compensation Discussion and Analysis – Compensation Philosophy and Objectives." A detailed description of compensation paid to our named executive officers in 2021 follows that discussion and analysis.

This advisory vote, which is not binding on the Company, the Compensation Committee, or the Board, is intended to address the overall compensation of our executive officers and the policies and practices described in this proxy statement. The Board and the Compensation Committee value the opinions of our stockholders and will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors unanimously recommends that you vote, on an advisory basis, **FOR** the following resolution:

"RESOLVED, that the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K adopted by the SEC, including the Compensation Discussion and Analysis, executive compensation tables and accompanying footnotes and narrative discussion, is hereby approved. "

The above-referenced disclosures appear below under the heading "Executive Compensation" in this proxy statement.

The above resolution will be deemed to be approved if it receives the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives The Compensation Committee (for purposes of this section, the "Committee") has responsibility for establishing, implementing, and continually monitoring adherence with the Company's compensation philosophy. The goal of the Committee is to ensure that the total compensation paid to the Company's executive officers is fair, reasonable, and competitive.

The Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and long-term strategic goals by the Company. The principles underlying our compensation policies are:

- To attract, motivate, and retain high-quality executive officers;
- To provide competitive compensation relative to compensation paid to similarly situated executives; and
- To align the interests of executives with our overall risk profile to build long-term stockholder value.

At the 2021 annual meeting of stockholders, more than 94% of the votes cast with respect to the advisory vote on executive compensation approved the compensation of the Company's named executive officers. The Committee took this indication of support into consideration in reviewing the Company's executive compensation program. Our executive compensation program processes are consistent with those established by the Committee and are monitored by the Company's finance functions.

Peer Group and Survey Data for Comparison Purposes. For several years, the Committee has retained Mercer, a nationally recognized compensation consultant, to provide advice to the Committee regarding the structure and implementation of the Company's executive compensation program. In late 2018, the Committee asked Mercer to prepare an updated analysis of executive compensation data for all executive officer positions. In consultation with the Committee, Mercer developed an updated peer group for purposes of comparing the Company's executive compensation with similarly sized companies in the human resources and employment services and related industries. At the Committee's request, Mercer added two insurance companies, James River Group Holdings, Ltd., a casualty insurer and reinsurer, and United Fire Group, Inc., a property and casualty insurer, and four companies were removed from the group.

An analysis by Mercer of executive compensation paid by members of the revised peer group listed below were considered by the Committee in establishing executive compensation for 2021:

- ASGN Incorporated
- CBIZ, Inc.
- GP Strategies Corporation
- Heidrick & Struggles International, Inc.
- Huron Consulting Group Inc.
- ICF International, Inc.
- James River Group Holding, Ltd.
- KForce Inc.
- Korn/Ferry International
- Mistras Group, Inc.
- Navigant Consulting Inc.
- Resources Connection
- United Fire Group, Inc.
- Volt Information Sciences, Inc.

The peer group was developed in consultation with Mercer without consideration of individual company compensation practices, and no company was included or excluded from the peer group due to paying above-average or below-average compensation. The 2021 executive compensation approved by the Committee took the 2018 survey data into account. In the third quarter of 2021, the Committee again retained Mercer to update the peer group and conduct another survey of executive compensation among the Company's peers. The Committee used the 2021 Mercer report in setting executive compensation levels for salaries, cash incentive bonuses and target stock-based awards for 2022.

2021 Executive Compensation Components For the fiscal year ended December 31, 2021, the principal components of compensation for executive officers were:

- Base salary;
- Target annual cash incentive compensation, including both performance-based compensation and discretionary bonuses;
- Grants of restricted stock units ("RSUs"); and
- Grants of performance share awards ("PSUs")

Base Salary

Salary levels of executive officers are reviewed periodically by the Committee and the CEO as part of the performance review process, as well as in connection with a promotion or other change in job responsibility. In determining base salaries for executives in 2021, the Committee primarily considered:

- The Committee's analyses of competitive compensation practices, including the information described above under the subheading "Peer Group and Survey Data for Comparison Purposes";
- Advice from Mercer regarding total compensation levels within the Company's peer group;
- The scope of responsibilities of the Company's executive officers, including leadership, experience, skills, expertise, and knowledge; and
- Individual performance and contributions to the Company's financial and strategic objectives.

In February 2021, the Committee approved 2021 executive officer base salary levels, effective April 1, 2021, as follows: Mr. Kramer, \$760,000, an increase of 5%; Mr. Harris, \$375,000, an increase of 7%; Mr. Blotz, \$500,000, unchanged from 2020; and Mr. Potts, \$325,000, as specified in his employment agreement dated August 14, 2020. The increases were based on the Committee's evaluation of performance, particularly for CEO and CFO, who had been in their positions approximately one year, as well as to peg salary levels for those positions closer to the median as compared to the Company's peer group.

Annual Cash Incentive Compensation

The Company has an Annual Cash Incentive Award Plan (the "Annual Incentive Plan") that provides for annual awards of cash compensation to the Company's executive officers based on the achievement of objective corporate performance goals selected by the Committee. In addition, the Committee typically awards discretionary bonuses based on each officer's individual performance during the year. The total bonus opportunity is typically divided such that 75% relates to achievement of corporate performance goals and 25% to individual performance. Following year end, the Committee determines the extent to which the corporate and individual performance goals were achieved. An executive must remain employed by the Company through the date of the Committee's determination of performance to be eligible to receive annual cash incentive payouts.

In April 2021, the Committee set the target bonus amounts at 100% of base salary for Mr. Kramer and at 80% of base salary for Messrs. Harris, Blotz and Potts. The target amounts related to achievement of corporate performance goals were as follows: Mr. Kramer, \$570,000; Mr. Harris, \$225,000; Mr. Blotz, \$300,000; and Mr. Potts, \$195,000. The target bonus amounts tied to corporate financial metrics preliminarily approved by the Committee were as follows: gross billings of \$6.280 billion; net income of \$27.083 million; and gross margin as a percentage of gross billings of 3.00%, with each goal weighted equally. The cash payouts were to be subject to adjustment on a sliding scale based on a 2.5% increase or decrease for each percentage by which the actual achievement of a given metric was above or below the target level. Payouts for a given performance target would be 25% at the 70% achievement level and 200% at an achievement level of 140% or above, with no payout at an achievement level below 70%.

In February 2022, the Committee determined that each of the revised corporate financial metrics had been achieved above target as follows: gross billings of \$6.454 billion, resulting in a payout at the maximum of 200% of target; net income of \$38.080 million, also resulting in a payout at 200% of target; and gross margin as a percentage of gross billings of 3.11%, resulting in a payout at 155% of target. The actual payouts are shown in the Non-Equity Incentive Compensation Plan column of the Summary Compensation Table below.

The target bonus amounts for individual performance approved by the Committee in April 2021 were as follows: Mr. Kramer, \$190,000; Mr. Harris, \$75,000; Mr. Blotz, \$100,000; and Mr. Potts, \$65,000. Mr. Kramer's goals focused on development and implementation of strategic initiatives for the Company, including building an effective management team, product development and implementation, and reduction of risk associated with the Company's fronted insurance program. The goals for Mr. Harris included overseeing continued assistance to clients in complying with federal and state program benefits adopted in response to the pandemic, implementing a new centralized payroll service center and preparing for implementation of a new financial management system, and maintaining effective internal controls and compliance with SEC reporting requirements. Mr. Blotz's goals centered on improving the Company's direct sales efforts, business unit model, employee training and leverage of management overhead expenses, as well as successful implementation of initiatives to increase employee satisfaction. Mr. Potts' goals were directed to enhancing the Company's oversight of litigation, updating standard contract terms and processes for contract management, and improving corporate governance processes. The Committee received recommendations by the CEO with regard to the three executive officers other than himself, which focused on encouraging innovation and expanding efforts beyond the day-to-day requirements of each position. In February 2022, consistent with the CEO's recommendations, the Committee approved full payouts of the target discretionary bonus amount for each executive officer.

Long-Term Equity Incentive Compensation

In 2021, the Committee continued its practice of making annual grants of RSUs to the Company's executive officers under the Company's 2020 Stock Incentive Plan. The Committee believes that RSUs provide a near-term opportunity to receive an ownership stake in the Company, thus serving as a significant incentive aligning the long-term interests of the executive team with the interests of the Company's stockholders. Each RSU represents a contingent right to receive one share of Common Stock. The RSUs granted to executive officers typically vest in four equal annual installments. The Committee fixed the dollar value of the annual RSU awards to executive officers granted on July 1, 2021, based on the closing sale price of the Common Stock on the date of grant, rounded down to the nearest whole share, as follows: Mr. Kramer, \$608,000; Mr. Harris, \$300,000; Mr. Blotz, \$487,500; and Mr. Potts, \$260,000. The awards are shown in the "All Other Stock Awards" column of the Grants of Plan-Based Awards table below.

The Committee also returned to its practice of making annual grants of PSUs in 2021 to the Company's executive officers under the Company's 2020 Stock Incentive Plan. No grants of PSUs had been made during 2020 due to the uncertainties created by the COVID-19 pandemic. Accordingly, in April 2021, the Committee approved two separate grants of PSUs, one for a two-year performance period ending December 31, 2022 and the other for a three-year performance period ending December 31, 2023. Both grants were conditioned upon attaining specific target cumulative amounts of gross billings and net income before taxes over their performance periods, with 50% of the PSUs tied to achievement of each financial metric. Target award amounts are subject to upward or downward adjustment by 2.5% for each one percent by which the actual achievement of a given financial metric is above or below the target level, but not less than 80% of the target level or more than 140% of the target level. If achievement is below the 80% level, no part of the target award tied to that financial metric would be paid. At the 80% level, 50% of the target award for the related financial metric would be paid. The maximum payout is 200% of a target award. The target dollar levels of the two-year PSUs granted on April 26, 2021 were: Mr. Kramer, \$580,000; Mr. Harris, \$140,000; Mr. Blotz, \$162,500; and Mr. Potts, \$130,000. The target dollar levels of the three-year PSUs granted on April 26, 2021 were: Mr. Kramer, \$608,000; Mr. Harris, \$150,000; Mr. Blotz, \$162,500; and Mr. Potts, \$130,000. The awards in terms of numbers of shares are shown in the "Estimated future payouts under equity incentive plan awards" column of the Grants of Plan-Based Awards table below.

In February 2022, the Committee reviewed the achievement of performance goals for PSUs granted to Messrs. Kramer and Blotz in early 2019. The awards had been tied to the achievement of net income and gross billings targets for the three years ended December 31, 2021, with each factor weighted equally. The Committee determined that the net income goal had been achieved at the 88.4% level; the adjustment of 2.5% for each 1% below target yielded a payout of 71.1% of the target award tied to net income. The Committee determined that the gross billings goal had been achieved at the 95.3% level, yielding a payout of 88.1% of the target award tied to gross billings following downward adjustment. The overall payout totaled approximately 79.6% of the target awards. The PSUs were settled on February 28, 2022, with each of Mr. Kramer and Mr. Blotz receiving 1,796 shares of common stock.

Deferred Compensation Plan

Under the Company's Nonqualified Deferred Compensation Plan adopted in 2017, executive officers and other participants may defer receipt for income tax purposes of up to 90% of salary, as well as up to 100% of bonuses and other compensation. Deferred amounts are credited to each participant's account and adjusted to reflect amounts of income, gain, or loss as if the amounts credited to such accounts had been invested in investment funds designated under the plan and selected by the participant. The Committee also approved the establishment of a Rabbi trust under which compensation deferred at the election of participants is deposited in trust and held separately from the Company's other assets, subject to the claims of the Company's creditors in the event of its bankruptcy or insolvency. Although the Company does not make cash matching contributions to participants' accounts under the plan, RSUs that cliff vest five years following the grant date are awarded each January 1 and July 1, with a matching award of RSUs equal to 35% of the amount deferred into a participant's account during the preceding six months, up to a maximum value of \$75,000 per year. The RSU awards during 2021 are shown in the Grants of Plan-Based Awards table below. Additional information about the deferred compensation plan is included under "Nonqualified Deferred Compensation" below.

Retirement Benefits

Employees, including executive officers, may participate in the Company's 401(k) defined contribution plan. The Company matches each employee's contributions at a rate of 100% on the first 3% of salary deferrals and 50% on the next 2% of salary deferrals, with a maximum Company-paid match of \$11,600. All executive officers participated in the 401(k) plan in 2021.

Agreements with Executive Officers

The Company entered into employment agreements with Messrs. Kramer, Harris, and Blotz in April 2020, and with Mr. Potts in August 2020. The employment agreements provide for the payment of severance benefits upon termination of the executive's employment for specified reasons. Each agreement includes the executive's agreement not to compete with the Company for a specified period following termination. The Committee approved the agreements with the goal of providing the Company's stockholders with greater assurance of stability within senior management. The employment agreements replaced prior agreements that provided for severance benefits only in the event of termination for specified reasons following a change in control of the Company.

The Company has also entered into agreements with Messrs. Kramer, Blotz, Harris, and Potts that provide, in the event of the executive's death, for the Company to make a lump sum payment to the executive's designated beneficiary. The agreements are intended to provide a benefit to each executive's heirs in the event of his death while employed by the Company.

The Committee approved each of the foregoing agreements, which are described under "Information Regarding Agreements with Executive Officers" below.

Compensation Recovery ("Clawback") Policy. The Company demands that its employees, officers and directors conduct business in accordance with the highest standards of integrity and personal and professional ethics. As an adjunct to this standard of conduct, the Board has adopted a compensation recovery ("clawback") policy that applies to its executive officers. Under this policy, the Compensation Committee may instruct the Company to seek to recover payments of incentive compensation if the performance measure upon which the award was based is subsequently restated or otherwise adjusted in a manner that would reduce the size of the award or payment. If the incentive compensation was tied to a subjective measure, the Compensation Committee will decide how much, if any, of the compensation the Company should seek to recover. The Compensation Committee may also direct the Company to seek recovery of up to the entire amount of any incentive compensation awarded for a period during which a covered executive committed a significant legal or compliance violation. A copy of the policy is available on the Company's website at www.BBSI.com in the "Investors" section under "Governance."

Tax Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code limits the amount that the Company may deduct for income tax purposes for compensation paid to our executive officers to \$1,000,000 per person per tax year. Prior to the enactment of the Tax Cuts and Jobs Act by Congress in late 2017, performance-based compensation that met the requirements of Section 162(m) and regulations thereunder was excluded from the limit. This exception was repealed on a prospective basis. Accordingly, subject to certain limitations and exceptions, effective with the 2018 tax year, all compensation paid to a named executive officer or other covered employee in excess of \$1,000,000 is non-deductible. No compensation shown in the Summary Compensation Table below qualified as performance-based compensation under Section 162(m).

Compensation Committee Report

The Compensation Committee is charged with carrying out the Board's overall responsibilities relating to compensation of the Company's executive officers. The Compensation Committee has reviewed the section headed "Compensation Discussion and Analysis" and has discussed its contents with members of the Company's management. Based on its review and discussions, the Compensation Committee has recommended to the Board of Directors that the section headed "Compensation Discussion and Analysis" be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2021, and the Company's proxy statement on Schedule 14A.

Submitted by the Compensation Committee of the Board of Directors:

Vincent P. Price, Chair
Thomas B. Cusick
James B. Hicks, Ph.D.
Jon L. Justesen

- (1) The amounts shown represent cash bonuses awarded based on each officer's individual performance by the Compensation Committee. Additional information regarding the Company's annual cash bonus program appears under the subheading "Compensation Discussion and Analysis" above.
- (2) Includes the grant date fair value of RSUs granted to executive officers under the Company's 2020 Stock Incentive Plan (the "2020 Plan") and 2015 Stock Incentive Plan (the "2015 Plan") using the closing price of the Common Stock on the grant date. Both grants of RSUs, and RSUs awarded as a matching contribution under the Company's nonqualified deferred compensation plan, are included. Assumptions regarding forfeitures are ignored. Each RSU represents a contingent right to receive one share of Common Stock. Additional details regarding the terms of the RSU awards are described below under "Incentive Compensation." Additionally, includes the grant date fair value of awards of PSUs in 2021 and 2019 under the 2020 Plan and 2015 Plan, respectively. PSUs granted in 2021 reflect the assessment of probable achievement of performance conditions on the date of grant equal to \$506,186. PSUs granted in 2019 reflect the assessment of probable achievement of performance conditions on the date of grant equal to zero dollars. The actual value to be received pursuant to these stock awards is dependent on the degree to which company-wide performance goals are met, generally over three-year performance cycles. The value of the 2021 PSUs at the grant date, assuming the highest level of achievement, was as follows: Mr. Kramer, \$2,376,000; Mr. Harris, \$580,000; Mr. Blotz, \$650,000; and Mr. Potts, \$520,000.
- (3) Amounts shown represent performance-based cash bonuses paid pursuant to the Company's Annual Incentive Plan during the years shown. Additional information regarding awards under the program appears under the subheadings "Compensation Discussion and Analysis" above and "Incentive Compensation" below.
- (4) Amounts shown for 2021 primarily represent employer contributions to the 401(k) plan. No executive officer received perquisites or other personal benefits with a total value exceeding \$10,000 during 2021.

- (1) Represents the potential annual cash incentive payouts under the Cash Incentive Plan based on the level of achievement of corporate performance goals approved in March 2021. The target amounts were payable if the overall achievement level was 100%. For each percentage point that achievement of the goal falls above or below the target level in a particular year, the bonus amount attributable to that goal is increased or reduced by 2.5%; provided the maximum bonus is 200% of target and no amounts are payable for achievement below 80% of the target level. Actual cash incentive payments are shown in the Non-Equity Incentive Compensation Plan column of the Summary Compensation Table above.
- (2) Represents the number of shares subject to PSUs under the 2020 Plan, all or a portion of which will vest on the date that the Compensation Committee determines the level of attainment of specified performance goals for the two years ending December 31, 2022, as described under "Compensation Discussion and Analysis" above. Upon vesting, the awards will be settled in shares of Common Stock. The PSUs are tied to target levels of gross billings and net income before taxes, weighted equally. Target award amounts are subject to upward or downward adjustment by 2.5% for each 1% by which the actual achievement of a given financial metric is above or below the target level, but not less than 80% or more than 140% of the target level. If achievement is below the 80% level, no part of the target award tied to that financial metric is paid.

- (3) Represents the number of shares subject to PSUs under the 2020 Plan, all or a portion of which will vest on the date that the Compensation Committee determines the level of attainment of specified performance goals for the three years ending December 31, 2023, as described under "Compensation Discussion and Analysis" above. Upon vesting, the awards will be settled in shares of Common Stock. The PSUs are tied to target levels of gross billings and net income before taxes, weighted equally. Target award amounts are subject to upward or downward adjustment by 2.5% for each 1% by which the actual achievement of a given financial metric is above or below the target level, but not less than 80% or more than 140% of the target level. If achievement is below the 80% level, no part of the target award tied to that financial metric is paid.
- (4) Reflects the grant of RSUs as a matching contribution in connection with the Company's nonqualified deferred compensation plan. The RSUs will vest on the five-year anniversary of the grant date, and will be settled by delivery of unrestricted shares of Common Stock on the vesting date. Vesting of the RSUs would accelerate upon a change in control of the Company or a participant's death or termination of employment due to disability.
- (5) Reflects the grant of RSUs under the 2020 Plan. Each RSU represents a contingent right to receive one share of Common Stock. The RSUs typically vest in four equal annual installments beginning on the one-year anniversary of the grant date, and will be settled by delivery of unrestricted shares of Common Stock on the vesting date. Vesting of the RSUs would accelerate upon a change in control of the Company or a participant's death or termination of employment due to disability.
- (6) The amounts shown represent the grant date fair value of RSUs and PSUs based on the closing sale price of the Common Stock on the grant date. No grant date fair value was recognized for the three-year PSU grant based on the assessment of the probable outcome of the specified performance conditions on the grant date.
- (7) The amounts shown represent the grant date fair value of RSUs and PSUs based on the closing sale price of the Common Stock on the grant date multiplied by the number of shares underlying the awards.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing the following information about the relationship between the annual total compensation of our employees and the annual total compensation of our CEO for 2021, our last completed fiscal year:

- The annual total compensation of our CEO was \$3,014,992.
- The median of the annual total compensation of all of our employees other than our CEO (based on our median employee identified under the methodology described below) was \$103,568.

- The resulting ratio of our CEO's annual total compensation to the annual total compensation of our median employee is 29 to 1.

The pay ratio stated above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records. The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratios reported by other companies may not be comparable to our pay ratio stated above.

We completed the following steps to identify the median of the annual total compensation of our employees and to determine the annual total compensation of our median employee and CEO:

- On December 31, 2021, the date we used to determine the employees to be included in our ratio calculation, our employee population consisted of approximately 731 individuals, including full-time, part-time and temporary employees (excluding temporary staffing employees) employed on that date.
- The employee number excludes the employees of our professional employer services ("PEO") clients, because our PEO clients determine the compensation of their employees. Similarly, the number excludes our temporary staffing employees who work at our customers' job sites, because the compensation paid to such employees is established by our customer's order.
- To find the median of the annual total compensation of the individuals (other than our CEO) in our employee population as described above, we used wages from our payroll records as reported to the Internal Revenue Service on Form W-2 for the fiscal year 2021. In making this determination, we annualized the compensation of full-time and part-time permanent employees who were employed on December 31, 2021 but who did not work for us the entire year. No full-time equivalent adjustments were made.
- We identified our median employee using this compensation measure and methodology, which was consistently applied to all employees included in the calculation.
- After identifying the median employee, we added together all of the elements of that employee's compensation for calendar year 2021 in accordance with the requirements applicable to calculating annual total compensation for purposes of the Summary Compensation Table above.

For the annual total compensation of our CEO, we used the amount reported for our CEO in the "Total" column for 2021 in the Summary Compensation Table above.

Nonqualified Deferred Compensation

The following table sets forth information regarding nonqualified deferred compensation received by the persons serving as executive officers of the Company during 2021.

(1) Amounts are also included in the Salary, Bonus and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table above.

On July 1, 2017, the Barrett Business Services, Inc. Nonqualified Deferred Compensation Plan (the "NDCP") was established, in which upper management, including executive officers, are eligible to participate. Key features of the NDCP are as follows:

- *Deferrals.* Participants may make an advance election to defer up to 90% of their annual base salary, 100% of annual cash performance and discretionary bonuses, and 100% of other compensation as permitted in the Company's discretion.
- *Vesting.* Participants are immediately vested in credits for their contributions and related earnings.
- *Form of Payment.* Participants may make elections regarding distribution of their vested account balance in accordance with the terms and conditions set forth in the NDCP. The payment may be in a lump sum on a specified date at least five years following the end of the period in which the deferred amount was earned (an "in-service distribution") or on the first business day of the seventh month following separation from service. Alternatively, for in-service distributions or distributions following retirement at or after age 60 with at least 10 years of service, the distribution may be paid in up to 10 equal annual installments. A lump-sum distribution will be made 60 days following death or disability. Distributions are also permitted in the event of an unforeseeable emergency. Subsequent deferral elections with respect to deferred amounts are also permitted.
- *Earnings on Account Balances.* Participants may allocate the amounts deferred into their accounts under the NDCP among 21 investment fund alternatives offered by the Company. Investment instructions may be submitted on any business day. Hypothetical gains and losses are credited to participant accounts based on their investment elections. The following table shows investment fund alternatives selected by participants during 2021 and annualized returns for each investment alternative for 2021:

The Company does not make cash matching contributions to participants' accounts in the NDCP. However, as an incentive to participate in the NDCP and as a retention tool, the Committee approved the automatic award of RSUs under the 2020 Plan each January 1 and July 1 to participants in the NDCP based on the fair market value of a share on the grant date, with a total dollar value equal to 35% of the amount deferred into the participant's account under the NDCP during the preceding six months. The grant date fair value of RSUs awarded to a single participant in connection with the NDCP is limited to \$75,000 per year. The restriction period for RSUs awarded in connection with the NDCP will expire, and the RSUs will vest in full, on the fifth anniversary of the grant date, so long as the participant continues to be an employee of the Company on the vesting date. Vesting of the RSUs will be accelerated if the participant ceases to be an employee due to death or disability or in the event of a change in control of the Company. RSUs that do not vest on or before the expiration of the restriction period are forfeited. A total of 1,243 RSUs were granted to executive officers in connection with the NDCP during 2021.

Information Regarding Agreements with Executive Officers

Employment Agreements. On April 22, 2020, the Company entered into Employment Agreements with Messrs. Kramer, Harris, and Blotz, effective as of March 5, 2020. On August 14, 2020, the Company entered into an Employment Agreement with Mr. Potts, effective as of September 16, 2020. With regard to Messrs. Kramer and Blotz, the Employment Agreements replaced Change in Control Employment Agreements previously in effect. Each of the Employment Agreements has a term ending on July 1, 2024, with a one-year extension on July 1 of each year, unless either the Company or the executive gives notice to the other party of nonrenewal at least 90 days in advance.

During the term of each of the Employment Agreements, the executives will be entitled to salary, annual cash incentive compensation, health and other employee benefits, and stock-based awards as approved by the Committee under the Company's executive compensation program. The general parameters of the current executive compensation program are described under "Compensation Discussion and Analysis" above.

If an executive's employment is terminated by the Company other than for cause, disability or death, or by the executive for good reason, the Employment Agreements provide for payment of cash severance, as well as acceleration of equity compensation in certain circumstances. Payment of severance benefits is conditional on the delivery by the executive of a release of claims against the Company. The Employment Agreements also include noncompetition and nonsolicitation provisions that apply throughout an executive's employment with the Company, as well as after termination of his employment, regardless of the reason, for a period of 18 months for Mr. Kramer and 12 months for Messrs. Harris, Blotz and Potts.

Summaries of the definitions of certain terms used in the Employment Agreements are as follows:

"Cause" means embezzlement, willful misconduct, gross negligence, dishonesty, or other fraudulent acts involving the Company, its business operations or the performance of the executive's duties, including refusal to comply with legal directives of the Board; a material breach of the executive's fiduciary duties to the Company (unless remedied as provided in the agreement); a willful material breach of the confidentiality provisions of the agreement or a confidentiality policy of the Company; or an act or omission that materially injures the Company's reputation, business affairs, or financial condition if the injury reasonably could have been avoided by the executive, including conviction of a felony or crime involving dishonesty or moral turpitude.

"Good reason" generally means, in the absence of the executive's written consent, a material reduction in the executive's authority, duties, or responsibilities or those of the person to whom the executive is required to report; a material decrease in the executive's base compensation (with certain exceptions); a relocation or transfer of the executive's principal place of employment by a distance of more than 50 miles; or a material breach of the Employment Agreement by the Company.

"Change in control" means a change in the ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company, as defined in regulations promulgated under Section 409A of the Internal Revenue Code, as amended, or in subsequent regulations or other guidance published by the Internal Revenue Service.

Potential Benefits in the Absence of a Change in Control. If the employment of our executive officers had been terminated on December 31, 2021, without cause or for good reason in the absence of a change in control, the executives would have been entitled to the payment of cash severance, as well as acceleration of the vesting of a specified number of RSUs, as shown in the table below. A description of benefits payable under the NDCP is included under "Nonqualified Deferred Compensation" above.

Name	Lump Sum Cash Severance Payment(1)	Value of Accelerated RSUs(2)	Total
Gary E. Kramer	\$ 2,281,500	\$ 793,810	\$ 3,075,310
Anthony J. Harris	\$ 675,000	\$ 327,759	\$ 1,002,759
Gerald R. Blotz	\$ 900,000	\$ 469,746	\$ 1,369,746
James R. Potts	\$ 585,000	\$ 142,471	\$ 727,471

- (1) Equals the executive's annual base salary level at December 31, 2021, plus the target cash incentive bonus for 2021, for Messrs. Harris, Blotz and Potts, and 1.5 times that amount for Mr. Kramer, payable in a lump sum.
- (2) Reflects the market value, based on the closing sale price of the Common Stock on The Nasdaq Stock Market on the last trading day of 2021, \$69.06 per share, of the number of unvested RSUs held by the executive that were scheduled to vest on or before the one-year anniversary of December 31, 2021, for Messrs. Harris, Blotz and Potts, and 1.5 times that number of RSUs for Mr. Kramer. The Employment Agreements provide that the specified number of RSUs will be accelerated and deemed fully vested as of the date of the executive's termination of employment without cause or for good reason in the absence of a change in control. See "Outstanding Equity Awards at December 31, 2021" above for additional information.

Potential Benefits upon a Change in Control. If an executive officer's employment is terminated during a period beginning 3 months before and ending 24 months after a change in control, the executive would be entitled to a lump sum cash payment equal to 3 times the sum of annual base salary plus target cash incentive bonus, generally within 30 days after the later of the change in control or the termination. Under the award agreements in place under the 2015 and 2020 Plans, all outstanding stock options and RSUs held by the executives will also become exercisable or vested in full following a change in control of the Company, whether or not the executive's employment is terminated. If payment of these benefits would result in an "excess parachute payment" as defined in Code Section 280G, such payments will be reduced to the largest amount that will result in no portion of the payments being subject to the excise tax imposed by Code Section 4999. A description of benefits payable under the NDCP is included under "Nonqualified Deferred Compensation" above.

The following table shows potential payouts under the Employment Agreements with our executive officers as of December 31, 2021, assuming that employment was terminated following a change in control of the Company, either by the Company for reasons other than cause, death or disability, or by the executive for good reason, and that termination occurred on that date. The table also shows the value of outstanding employee stock options and RSUs that were not vested on December 31, 2021, but would become exercisable in full upon a change in control of the Company, whether or not the executive's employment is terminated.

<u>Name</u>	<u>Lump Sum Cash Severance Payment(1)</u>	<u>Value of Unvested Stock Options and RSUs(2)</u>	<u>Total(3)</u>
Gary E. Kramer	\$ 4,563,000	\$ 1,697,909	\$ 6,260,909
Anthony J. Harris	\$ 2,025,000	\$ 987,420	\$ 3,012,420
Gerald R. Blotz	\$ 2,700,000	\$ 1,259,654	\$ 3,959,654
James R. Potts	\$ 1,755,000	\$ 495,989	\$ 2,250,989

- (1) Equal to three times the sum of the executive's annual base salary level at December 31, 2021, and the target cash incentive bonus for 2021.
- (2) Reflects the market value of unvested RSUs plus the difference (the "spread") between the closing sale price of the Common Stock on The Nasdaq Stock Market on the last trading day of 2021, \$69.06 per share, and the per share exercise price for unvested options. See "Outstanding Equity Awards at December 31, 2021" above for additional information.
- (3) The amounts shown are subject to reduction to the extent necessary to avoid imposition of the excise tax imposed under Code Section 4999 on excess parachute payments as defined in Code Section 280G.

Payments upon Death or Termination for Disability. The Company has entered into Death Benefit Agreements with Messrs. Kramer, Blotz, Harris, and Potts. Under each Death Benefit Agreement currently in place, the Company will make a lump sum payment to the executive officer's designated beneficiary within 60 days after the date of death. The benefit would be forfeited upon an executive officer's termination of employment with the Company for any reason other than death. At December 31, 2021, the death benefit would have been \$2,000,000 for Mr. Kramer and \$1,000,000 for each of Messrs. Harris, Blotz, and Potts.

A death benefit will be payable solely out of the general assets of the Company, which may include funds received from life insurance policies on the executive officers put in place by the Company. No death benefit will be payable under an agreement if the executive officer's death occurs under circumstances causing the policy amount not to be paid in full.

In addition to the Death Benefit Agreements, all RSUs and stock options that are unvested at an executive officer's death or termination of employment due to disability will immediately vest in full. The value of unvested RSUs and stock options held by the named executive officers at December 31, 2021, is shown above under the subheading "Potential Benefits upon a Change in Control." A description of benefits payable under the NDCP is included under "Nonqualified Deferred Compensation" above.

RELATED PERSON TRANSACTIONS

Review of Related Person Transactions

Under the charter of the Audit Committee, the committee must determine whether to approve any transaction between the Company and a director, officer or stockholder that, if it did occur, would be required to be disclosed in the Company's proxy statement. Under the Company's Code of Business Conduct, directors must disclose any personal interest in any proposed transaction with the Company to the Audit Committee. Directors may not participate in any decision by the Board where there is a conflict between their personal interests and the Company's interests. In reviewing a proposed transaction with a related person, the Audit Committee will consider whether the transaction is fair to and in the interests of the Company and its stockholders.

Indemnification of Directors and Officers

Our charter obligates us, to the maximum extent permitted by Maryland law, to indemnify any present or former director or officer or any individual who, while a director or officer of the Company and at our request, serves or has served another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner, trustee, employee or agent, from and against any claim or liability to which that individual may become subject or which that individual may incur by reason of his or her service in such capacity. Our charter also permits us to indemnify any employee or agent of the Company. Under Maryland law, we are permitted to advance the reasonable expenses of a director or officer upon receipt of (1) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (2) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed if it is ultimately determined that the standard of conduct was not met.

We have entered into indemnification agreements with each of our directors who is not also an employee. These agreements require us to indemnify these individuals to the fullest extent permitted under Maryland law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors or executive officers, we have been informed that in the opinion of the SEC such indemnification is against public policy and is therefore unenforceable.
